## IF UNCLE SAM WILL HELP.

FARMERS ON THE WEST BENCH  
ORGANIZE FOR IRRIGATION.

A meeting of west bench land-owners was held at noon yesterday in the West Jordan meeting-house, to take the preliminary steps in the organization of a canal company to acquire the five existing canal companies in treating with the Government for the proposed reservoir improvement of Utah lake. In other words, the owners of the higher lands on the west side of the valley propose "butting in" on the Government proposition, to secure, if possible, a share of the benefits.

A part of the preliminary work performed on the Utah lake proposition last summer by Prof. Swenson consisted of the running of a line by which it was demonstrated that something like 28,000 acres of land on the west bench could be reclaimed by installing a pumping plant which would raise the water a distance of 20 feet above the level of the Jordan River. This naturally would be a side issue to the Utah lake main project but it is believed that it would be entirely feasible and that the water supply would be ample. It is with a view of trying to induce the Government to carry through this side issue with the main project that the farmers of that section are now getting together for concerted action.

There were about 10 farmers in attendance upon yesterday's meeting and the enthusiastic to a degree. C. M. Nokes was chairman of the meeting and F. R. Lloyd was secretary. A committee was appointed to circulate among the land-owners a petition asking the Interior department to construct the required additional canal and pumping plant, and signers representing 5000 acres of land were secured at once. It is believed that all who are interested will sign as soon as the opportunity is presented to them. Another meeting will be held within the next two weeks.

## BARBERS FAVOR JAPAN.

LOCAL UNION MAKES IT CLEAR  
WHY RUSSIA SHOULD BE  
CRUSHED.

There was a report last night that the Barbers' union at its regular meeting passed resolutions of sympathy for the Japanese in their struggle with Russia for the reason that the Japanese shave while the Russian surround their physiognomy with luxuriant thickets of unkempt whiskers. Whiskers, in the eyes of the union, are the surest indications of savagery and not the kind of barbarism the barbers approve, hence they feel that the interests of civilization demand the success of Japan.

Agatha Berkhoel sings Friday Night.

## AT THE HOTELS.

Yesterday's arrivals at the Cullen hotel were: T. N. McCoy, Elko, Nev.; C. J. Edgeridge, Sidney, Nev.; John Johnson, Olie Johnson, S. Coates, B. F. House, Denver; Mrs. A. D. Fred, New York City; John Elliott, Superior, Wis.; P. H. Mahoney, Omaha; P. H. Halley, Park City; T. Bailey, Butte, Mont.; E. McFadden, Park City.

## AT THE NEW WILSON.

Yesterday's arrivals at the New Wilson hotel were: W. L. Mason, J. S. King, New York; W. H. Fahne and wife, E. F. Baird, R. L. Robinson, W. R. Haines and wife, Chicago; J. Hartman, Cheyenne; Thomas Loughney, Provo; Lou Abbott, J. R. Cooper, Ogden; Alfred Hampton, Helena; Dr. Inglesby, Birmingham; R. S. Hardy, Provo; R. L. Kelie, Hoboken; N. J. J. Hoppel, H. O. Martin, Sunnyvale; J. Flynn, San Francisco; L. A. Hudson, St. Joseph; Miss Adams, Mar. Rowden, Mrs. Goldbeck, Miss Shurwood, Shuman, Concert company; C. H. Maxfield, St. Louis; Miss Weber, Halley, Ida; J. A. Galtzke, Loon Creek; F. J. Gunnell, Berkeley; A. L. Jones, Collieries; J. C. McChrystal and wife, Eureka; M. G. Crombie and wife, Montreal; H. W. Anthony, George Moore, Canton.

## MR. CZIZEK IN FROM IDAHO.

Report From the Lost Packer—  
Meeting of the Stockholders  
Here.

J. A. Czik, general manager of the Lost Packer mine at Loon creek, Idaho, has just returned from a three weeks' sojourn in that camp. He will remain here some ten days, during which an informal meeting of the heavier shareholders will be held to discuss important measures for developing and handling the rich ore bodies of the Lost Packer.

Mr. Czik, who represents 25,000 Packer shares, is due here; Miles Finlan of Butte will attend or send a representative, as will also Mr. Ivers and Mr. Waley of Park City. These, together with Mr. Czik, will represent a majority of the Packer capitalization of 150,000 shares.

Mr. Czik is non-committal as to future plans of the company, but undoubtedly has great confidence in the merits of his property. He said the Lost Packer had passed the stage of a prospect; that the company was not expecting to develop sensations along the line of prospecting new portions of its holdings, but would run numerous levels and crosscuts to place the known bodies of ore in position for stopping. The \$20,000 worth of ore shipped by the company the past season, he said, did not represent 5 per cent of what the product would have been if special effort had been made to mine the ore instead of driving prospect tunnels. Two hundred feet of rich chalcopryite ore has been disclosed by the intermediate tunnel between tunnel No. 1 and No. 2.

Mr. Czik is confident that a wagon road will be put into Loon creek the coming season, but is not certain whether the Boise route or the one via Mackay, Challis, etc., will be chosen. The latter route would best conserve the central Idaho trade for Salt Lake, as they are interested at present in about a hundred Loon creek claims.

He said the tunnel on the Lucky Star was reported as having struck the ledge. He thinks the Valley creek mine in Stanley basin, fifteen miles southwest of Loon creek, is very meritorious. The twenty-stamp mill is earning ample dividends, as is also the mill of eighty tons capacity on the Sunbeam property near Custer City.

On his return Mr. Czik stopped a day at Mackay and inspected the big White Knob copper mine and smelter of 500 tons capacity. He says it is a wonder, and obtaining results highly satisfactory.

After the meeting of Packer shareholders here, Mr. Czik will make a trip to Boise.

Marriage Licenses.

## AS OTHERS SEE US.

G. R. CLEVELAND TELLS WHAT  
PEOPLE SAY OF SALT LAKE  
ON THE COAST.

"Salt Lake is being better advertised on the coast than it is here at home," said G. R. Cleveland, the commission merchant, who, with Mrs. Cleveland, has just returned from a six weeks' visit in California. "It is a singular fact that while the new Clark road is called the 'San Pedro' here, in California it is invariably referred to as the 'Salt Lake' road. In Los Angeles the street cars bear the legend, 'Salt Lake Express,' and the coast newspapers all advertise this city in every mention they make of the new line. There seems, as well, to be more comment in Los Angeles than there is here on the wonderful resources, especially in mining, that are to be opened up by the new road. I don't believe our people fully realize yet what it is going to mean for this city. The new mining country opened up will all be nearer Salt Lake than to any other distributing point and will naturally draw upon this city for its machinery and other supplies, while the already developed coast country will afford a splendid additional market for all of our products."

"Things are looking very lively at San Pedro. The town is building up rapidly and the work of improving the harbor is going on with means still left from the old appropriation, which, however, is now nearly exhausted. If those people get the new appropriation they are after it is going to make a busy place by the time the new road gets through. The coast country is looking very well except for the drought, which has just been broken, the rains which set in last week having been the first that southern California has seen since last April."

"Yes, there is a good deal of talk in San Francisco about the Western Pacific railroad, too. They are in a position there to see more of what the road has been actually doing in the way of buying feeders and right of way than we have seen

## DR. KEITH'S NEW BUILDING.

FINE BACHELOR APARTMENT  
HOUSE IS PLANNED FOR  
STATE STREET.

Plans have been practically completed by Architect Fred A. Hale for the bachelor apartment house to be built by Dr. J. T. Keith on Brigham street, between the Alta and University club buildings. It is the intention of Dr. Keith to provide a moderate-priced yet quite elegant apartment-house for men, which shall be practically down town and yet in a quiet, strictly first-class neighborhood. The location, so close to three popular clubs and the new public library, and only from one to three blocks from the central business district, recommends itself as an admirable one for such an institution. The building, while not particularly ornate, will be a substantial one and a credit to that part of the city, which is being so rapidly filled with artistic structures. It will be three stories, with a dignified front of rock-faced brick, stone trimmed and with verandas across the front and extending down the sides. It will contain fifty rooms, which may be used singly or en suite. The cost complete, with steam heating and electric lighting, will be in the neighborhood of \$20,000.

Catarth of the Bladder and Urethra is cured by Oregon Kidney Tea.

OGDEN AND RETURN \$1.00.

Via D. & R. G., Feb 12th.  
Special train leaves Salt Lake 7:30 p. m., returning from Ogden about 12:30 a. m. Fare one dollar for the round trip. Dance at Ogden.

## Lousine Silk and Lace.

MISSISS' WAIST WITH BERTHA 4458.

DESIGN BY MAY MANTON.

Simple soft silks suit young girls admirably well and are much worn with trimming of lace. This one includes a most satisfactory bertha and is white with the yoke and bands of ecru point de gene the two shades making a combination that is essentially smart. The waist is exceedingly simple, made over a fitted lining that is faced to form the yoke. The bertha is circular and laid in fine tucks at its upper edge that harmonize with those in the upper portion of the sleeves. To make the waist for a girl of 14 years of age will be required 4 yards of material 21, 3 3/4 yards 27 to 24 yards 44 inches wide, with 1/2 yard of all-over lace. A May Manton pattern No. 4458, sizes 12 to 16 years, will be mailed to any address by the Fashion department of this paper on receipt of 10 cents.

Send to .....

It is a Matter of Health

**"How fine my shoes look  
after six months' continuous wear—  
JUST BECAUSE I USED  
SHINOLA**

the Modern Paste Shoe Polish."

A well-appearing woman, man or child must wear a well-polished shoe. SHINOLA makes shoe polishing a pleasure, rather than a burden. It is quickly and easily applied with the shinola dauber and polisher, shines instantly, makes leather waterproof, and one application lasts a week. There is consequently no soiling of the hands. The shinola polish used in most shoe polishes causes a speedy destruction of the leather, and cracks, chips and scales off. SHINOLA contains neither acid nor alkali—it preserves the leather, keeps the shoes looking new, and gives them a black, permanent gloss.

A SHINOLA SHINE is a BLACK BLACK in color and this fact distinguishes it from all other polishes. Discriminating people know too well the unsatisfactory results obtained from the use of other polishes which give a faded black, gray or brownish tint to the shoes.

Accept no substitute. Your dealer has it. Or we will send it by mail postpaid. Large box 50c. SHINOLA COMPANY, Rochester, N.Y.

**THE PARIS MEDICATED CRAYON.**  
PLEASANT, SOOTHING AND HEALING.

this they offer a full Ten Days' Trial Treatment absolutely free to every man sending name and address to Dr. Stevens & Co., Box 167, Columbus, Ohio. You apply it locally to the seat of the trouble, and it quickly finds its way to the desired spot, enlarging the muscles, increasing the nerve force, and giving the necessary vim and energy. The world of science and medicine thoroughly endorse it. It cures in wonderfully quick time, in your own home, lost vitality, emaciation, prostration, varicocele, stricture, unnatural irritation and enlargement of the prostate gland, and all bladder and urinary disorders of men. It is the only method known to science that will electrify the body, restore vitality, create vigor, warmth and force, and all this without medicine taken into the stomach. If others tell you nothing can be done for you, this will surely cure you.

Write to Dr. Stevens & Co., Columbus, Ohio, box 167. They offer Ten Days' Trial Treatment absolutely free to every man. It is no "prescription," "deposit," or "C. O. D." scheme, as this firm is too large to be chosen to such petty ways. In addition to the absolutely free trial treatment, they send the most complete book ever written on the Diseases of Men, telling all, and fully illustrated, with forty engravings from life. Everything is confidential and sent perfectly plain, and since they merely ask you to inquire what they have got that will cure you, we trust every gentleman reader of this paper will write them at once as above, and thus get the Ten Days' Trial Treatment and book, both absolutely free.

**MEN AND WOMEN.**  
Use Big 44 for unnatural discharges, inflammations, irritations or ulcerations of mucous membranes. Painless, and not astric or poisonous.
